

THE FRESH MARKET GETS SAUCY WITH GRILLING

The Fresh Market offers two signature products to spice up your summer grilling:

THE FRESH MARKET ANYTHING GOES SAUCE, \$3.49

“Anything Goes” means this sauce is great on just about anything. Made from a tomato sauce base blended with a small amount of sugar, this sauce is slightly sweet and an easy replacement for ketchup, mustard, or barbecue sauce. Baste it on your chicken, grill it on your steaks, or stir into your baked beans for great flavor!

THE FRESH MARKET ANYTHING GOES RUB, \$3.99

With the same great flavor as the Anything Goes Sauce, this dry rub can be used before roasting, baking or grilling. Just add one tablespoon per pound of meat, chicken, seafood or vegetables. For a stronger flavor, work it into a paste by adding one tablespoon of olive oil for every tablespoon of seasoning and brush on right before cooking.

Both products are all-purpose, low calorie, all-natural and contain no fat, cholesterol, or preservatives.

Available for purchase at any Fresh Market location nationwide or online at www.thefreshmarket.com
